

Freedom of Information Request

Reference Number: [Ref EPUT.FOI.18.653](#)
Date Received: [Date 12/07/2018](#)

***Note to Applicant:** As of 1 April 2017, North Essex Partnership University NHS Foundation Trust (NEP) and South Essex Partnership University NHS Foundation Trust (SEPT) merged to form one new organisation known as Essex Partnership University NHS Foundation Trust (EPUT).

Information Requested:

- The average age of those receiving treatment for Joint Hypermobility Syndrome.
- The comparative percentage of males and females receiving treatment for Joint Hypermobility Syndrome
- The number of males receiving treatment for joint hypermobility at ages: 8, 9, 10, 11-12, 12-13, 13-14, 15-16, 16-17, and 17-18.

Response:

Essex Partnership University Hospitals NHS Foundation Trust does not have patients with Joint Hypermobility Syndrome and therefore the Trust cannot answer your request.
