Date Received: June 2018

**\*Note to Applicant:** As of 1 April 2017, North Essex Partnership University NHS Foundation Trust (NEP) and South Essex Partnership University NHS Foundation Trust (SEPT) merged to form one new organisation known as Essex Partnership University NHS Foundation Trust (EPUT).

## Information Requested:

1. The expected mental health cases for the 2008-09' financial year and if possible the breakdown into the following categories. N.B - This would be the projected figures for the financial year not the actual figures.
  - a. Institutionalised
  - b. Learning Difficulties
  - c. Social Isolation/Social Situation
  - d. Previous ailments (Physical)
  - e. Mental illness (Previous)
  - f. Gender
  - g. Any other demographic measures available
  - h. Residency
  - i. Itinerant/homeless
  - j. Visiting
  - k. Resident
2. I would also like any micro level analysis done on the above figures either prospectively at the time in relation to targets/projections or analysis done retrospectively after the financial year.

The Trust does not record this data in a manner that is easily retrievable, to provide a response would require a manual trawl which would take more than 18.5 hours because the request features micro level analysis. The Trust is therefore applying Section 12 of the Act (where cost of compliance exceeds appropriate limit).

We are sorry that we have been unable to assist with your request on this occasion, but if we can be of assistance in the future please do not hesitate to contact us.
