

Freedom of Information Request

Reference Number: [EPUT.FOI.19.1039](#)
Date Received: [11 April 2019](#)

Information Requested:

Below is detailed the information we are requesting – while it may not be available in such depth, any data that can be provided will be of great assistance.

1. We are seeking a list or database of installed gas appliances, categorised into groups such as:

Heating

- Boilers - condensing/non-condensing, wet central heating systems
- Water Heaters - instantaneous, continuous, storage water heaters
- Dry (Warm Air) Convection Systems – direct/indirect air heaters
- Radiant Heaters – luminous (plaque) and non-luminous (tube)

Catering

- Ovens – deck ovens, pizza ovens, rack ovens
- Steamers & Combi Ovens – combi-steam ovens, atmospheric steamers
- Hobs & Grills – hobs, grills, griddles, barbecues, salamander grills, rotisserie grills
- Water & Oil Heaters – fryers, pasta/noodle boilers, bratt pans

For each appliance, it would be useful to know the output rating, in either kW or BTU/hr and the installed date.

2. We are also looking to know the facility/facility type in which each appliance is found, for example:
 - General acute hospital
 - Specialist hospital
 - Mixed service hospital
 - Mental Health
 - Learning Disabilities
 - Community hospital
 - Support facilities
 - Hospitality – cafes, restaurants
 - Other non-clinical space – medical record storage, offices, retail sales area

We wish to obtain as recent data as is possible – ideally from 2018 or 2019. However any data from proceeding years which could present market trends would also be favourable.

Response:

[Please see attached.](#)

However please note that with regards to the output rating and the installed date, this information is not filtered out by gas appliance. The Trust holds an overall gas usage per site but would be unable to provide this information per appliance.

Facility Type	Type	Make	Number
