Response:

Currently, the Estates and Facilities department utilise a number of contractors to provide professional services, design consultancy/advisory services, construction and operation/maintenance.

Due to the size of our estate, we have a number of contractors to undertake the above services, on Standing Orders for the duration of one financial year, to be reviewed in January through to March.

The department is looking to standardise its contractors and is taking a staggered approach in the tendering for building services. Currently we have three contracts commissioned with a review of other services to be undertaken over the next 12 months.

Fire (Aquarius) – 1 year contact (1st May 2019) for the value of £25k - £30k, for extinguishers, alarm systems, emergency lights, fire blankets etc.

Air Conditioning (Morrison & Young) – 1 year contact (1st May 2019) for the value of £10k-£15k

Gas (A&L) – 1 year contact (1st May 2019) for the value of £10k - £15k, for annual gas servicing, boilers, calorifiers, gas certification

For additional information relating to standing orders and contractors, for the identified services please refer to the Trust Website
