

Freedom of Information Request

Reference Number: [EPUT.FOI.19.1056](#)
Date Received: [29th April 2019](#)

Information Requested:

Could you please tell me for each of the years 2016, 2017 and 2018

How many complaints through the patient advice and liaison system (PALS) your trust received from patients alleging they had been discriminated against or badly treated by a member of staff because of their being overweight or obese.

Please do this by searching for complaints containing any of the words "weight", "fat", "obese", "overweight" and "bariatric" and filtering these to find those that refer to fat-shaming comments made by a member of staff.

Can you select the first five such complaints from 2018 and provide me with the following details:

1. What type of staff member was the complaint levelled against? E.g. healthcare assistant, junior doctor, consultant, cleaner, kitchen staff
2. Please quote the words allegedly used by the hospital staff or summarise the offending action
3. Please tell me what, if any, action was taken by your trust in response to these five sample complaints from the beginning of 2018

As a guide of the approximate level of detail I require, please see attached a model answer from University Hospitals Bristol.

Response:

[The Trust has not identified any complaints relating to discrimination because of being overweight or obese. All 'keywords' provided above have been searched.](#)

Publication Scheme:

As part of the Freedom of Information Act all public organisations are required to proactively publish certain classes of information on a Publication Scheme. A publication scheme is a guide to the information that is held by the organisation. EPUT's Publication Scheme is located on its Website at the following link <https://eput.nhs.uk>
