Freedom of Information Request

Reference Number: EPUT.FOI.19.1137
Date Received: 02 July 2019

Information Requested:

1. Does your Authority recognise sacroiliac joint dysfunction; if so, what treatment is recommended? – would massage be a component of the treatment

2. Does your authority recognise calcification of muscles, skin or fascia of the pelvic area?

3. What action is taken when calcification causes an x-ray image to be blurred or indistinct?

4. Does your authority recognise length differential caused by internal muscle imbalance?

5. What treatment would your Authority recommend to correct leg length differential caused by muscle imbalance?

6. How many cases of SI joint dysfunction have been reconsidered in the last 3 years?

Response:

Essex Partnership University NHS Foundation Trust is a Mental Health and Community Trust and does not provide any services which relate to your queries.

Publication Scheme:

As part of the Freedom of Information Act all public organisations are required to proactively publish certain classes of information on a Publication Scheme. A publication scheme is a guide to the information that is held by the organisation. EPUT’s Publication Scheme is located on its Website at the following link https://eput.nhs.uk/publication-documents/
