

# Freedom of Information Request

---

**Reference Number:** [EPUT.FOI.19.1171](#)  
**Date Received:** 23rd July 2019

---

## Information Requested:

I'm trying to understand the decision pathway for pre-filled syringes in analgesic, anaesthetic and emergency care in UK hospitals, and I was hoping you might be able to help.  
I would like a list of employee job titles (not personal data) for those within your trust who are decision-makers regarding the decision to procure pre-filled syringes in analgesic, anaesthetic or emergency care.

This could include those employees involved with procurement and management of these products – although I'm not sure!  
This information will be used to better understand the general process for the UK, and not reported at an institution level.

[We do not provide pre-filled syringes for use in analgesia, anaesthetics or emergency care as the types of services in which they would be used are not provided by this trust.](#)

---

## Publication Scheme:

As part of the Freedom of Information Act all public organisations are required to proactively publish certain classes of information on a Publication Scheme. A publication scheme is a guide to the information that is held by the organisation. EPUT's Publication Scheme is located on its Website at the following link <https://eput.nhs.uk>
