

Freedom of Information Request

Reference Number: EPUT.FOI.19.1367

Date Received: 18 December 2019

Information Requested:

Please send me the data requested in the form of an Excel spreadsheet or as a csv file.

- 1. Please state the total number of hospital buildings managed by your NHS Trust.
- 2. Please state the total number of hospital buildings managed by your NHS Trust that have any type of exterior cladding.
- 3. Of those, please state the total number that are known to have*:
 - a) Combustiable cladding
 - b) Aluminium composite material (ACM) cladding
 - c) High-pressure laminate (HPL) cladding
- 4. Please state the total number of hospital buildings with exterior cladding (any type) that have undergone cladding fire safety tests, since June 2017.
- 5. Of all those that have been tested , please state the outcome of that test in the following categories:
 - a) Passed test
 - b) Failed test and remedial work completed
 - c) Failed test and remedial work ongoing
 - d) Failed test and remedial work not yet started

Response:

Please see attached CSV file as requested.

Publication Scheme:

As part of the Freedom of Information Act all public organisations are required to proactively publish certain classes of information on a Publication Scheme. A publication scheme is a guide to the information that is held by the organisation. EPUT's Publication Scheme is located on its Website at the following link https://eput.nhs.uk

^{*}There will be crossover in these categories (i.e. b. and c. will be subsets of a.)

Question 1 - Please state the total number of hospital buildings managed by your NHS Trust. Question 2 - Please state the total number of hospital buildings managed by your NHS Trust that have any type of exterior cladding. Question 3 - Of those, please state the total number that are known to have*: a) Combustiable cladding b) Aluminium composite material (ACM) cladding c) High-pressure laminate (HPL) cladding Question 4 - Please state the total number of hospital buildings with exterior cladding (any type) that have undergone cladding fire safety tests. since June 2017. Question 5 - Of all those that have been tested, please state the outcome of that test in the following categories: a) Passed test b) Failed test and remedial work completed c) Failed test and remedial work not yet started	FOI Response (EPUT.FOI.19.1367
Question 2 - Please state the total number of hospital buildings managed by your NHS Trust that have any type of exterior cladding. Question 3 - Of those, please state the total number that are known to have*: a) Combustiable cladding b) Aluminium composite material (ACM) cladding c) High-pressure laminate (HPL) cladding Question 4 - Please state the total number of hospital buildings with exterior cladding (any type) that have undergone cladding fire safety tests, since June 2017. Question 5 - Of all those that have been tested, please state the outcome of that test in the following categories: a) Passed test b) Failed test and remedial work completed c) Failed test and remedial work not yet started	Question
Question 2 - Please state the total number of hospital buildings managed by your NHS Trust that have any type of exterior cladding. Question 3 - Of those, please state the total number that are known to have*: a) Combustiable cladding b) Aluminium composite material (ACM) cladding c) High-pressure laminate (HPL) cladding Question 4 - Please state the total number of hospital buildings with exterior cladding (any type) that have undergone cladding fire safety tests, since June 2017. Question 5 - Of all those that have been tested, please state the outcome of that test in the following categories: a) Passed test b) Failed test and remedial work completed c) Failed test and remedial work not yet started	
Question 3 - Of those, please state the total number that are known to have*: a) Combustiable cladding b) Aluminium composite material (ACM) cladding c) High-pressure laminate (HPL) cladding Question 4 - Please state the total number of hospital buildings with exterior cladding (any type) that have undergone cladding fire safety tests, since June 2017. Question 5 - Of all those that have been tested, please state the outcome of that test in the following categories: a) Passed test b) Failed test and remedial work completed c) Failed test and remedial work ongoing d) Failed test and remedial work not yet started	Question 1 - Please state the total number of hospital buildings managed by your NHS Trust.
Question 3 - Of those, please state the total number that are known to have*: a) Combustiable cladding b) Aluminium composite material (ACM) cladding c) High-pressure laminate (HPL) cladding Question 4 - Please state the total number of hospital buildings with exterior cladding (any type) that have undergone cladding fire safety tests, since June 2017. Question 5 - Of all those that have been tested, please state the outcome of that test in the following categories: a) Passed test b) Failed test and remedial work completed c) Failed test and remedial work ongoing d) Failed test and remedial work not yet started	
Question 3 - Of those, please state the total number that are known to have*: a) Combustiable cladding b) Aluminium composite material (ACM) cladding c) High-pressure laminate (HPL) cladding Question 4 - Please state the total number of hospital buildings with exterior cladding (any type) that have undergone cladding fire safety tests, since June 2017. Question 5 - Of all those that have been tested, please state the outcome of that test in the following categories: a) Passed test b) Failed test and remedial work completed c) Failed test and remedial work ongoing d) Failed test and remedial work not yet started	Question 2 - Please state the total number of hospital buildings managed by your NHS Trust that have any type of exterior cladding.
a) Combustiable cladding b) Aluminium composite material (ACM) cladding c) High-pressure laminate (HPL) cladding Question 4 - Please state the total number of hospital buildings with exterior cladding (any type) that have undergone cladding fire safety tests, since June 2017. Question 5 - Of all those that have been tested, please state the outcome of that test in the following categories: a) Passed test b) Failed test and remedial work completed c) Failed test and remedial work ongoing d) Failed test and remedial work not yet started	ype or enterior distance.
b) Aluminium composite material (ACM) cladding c) High-pressure laminate (HPL) cladding Question 4 - Please state the total number of hospital buildings with exterior cladding (any type) that have undergone cladding fire safety tests, since June 2017. Question 5 - Of all those that have been tested, please state the outcome of that test in the following categories: a) Passed test b) Failed test and remedial work completed c) Failed test and remedial work ongoing d) Failed test and remedial work not yet started	Question 3 - Of those, please state the total number that are known to have*:
C) High-pressure laminate (HPL) cladding Question 4 - Please state the total number of hospital buildings with exterior cladding (any type) that have undergone cladding fire safety tests, since June 2017. Question 5 - Of all those that have been tested, please state the outcome of that test in the following categories: a) Passed test b) Failed test and remedial work completed c) Failed test and remedial work ongoing d) Failed test and remedial work not yet started	a) Combustiable cladding
Question 4 - Please state the total number of hospital buildings with exterior cladding (any type) that have undergone cladding fire safety tests, since June 2017. Question 5 - Of all those that have been tested, please state the outcome of that test in the following categories: a) Passed test b) Failed test and remedial work completed c) Failed test and remedial work ongoing d) Failed test and remedial work not yet started	b) Aluminium composite material (ACM) cladding
Question 5 - Of all those that have been tested, please state the outcome of that test in the following categories: a) Passed test b) Failed test and remedial work completed c) Failed test and remedial work ongoing d) Failed test and remedial work not yet started	c) High-pressure laminate (HPL) cladding
Question 5 - Of all those that have been tested, please state the outcome of that test in the following categories: a) Passed test b) Failed test and remedial work completed c) Failed test and remedial work ongoing d) Failed test and remedial work not yet started	
Question 5 - Of all those that have been tested, please state the outcome of that test in the following categories: a) Passed test b) Failed test and remedial work completed c) Failed test and remedial work ongoing d) Failed test and remedial work not yet started	, , , , , , , , , , , , , , , , , , , ,
categories: a) Passed test b) Failed test and remedial work completed c) Failed test and remedial work ongoing d) Failed test and remedial work not yet started	
a) Passed test b) Failed test and remedial work completed c) Failed test and remedial work ongoing d) Failed test and remedial work not yet started	Question 5 - Of all those that have been tested, please state the outcome of that test in the following categories:
c) Failed test and remedial work ongoing d) Failed test and remedial work not yet started	
d) Failed test and remedial work not yet started	b) Failed test and remedial work completed
	c) Failed test and remedial work ongoing
*There will be crossover in these categories (i.e. b. and c. will be subsets of a.)	d) Failed test and remedial work not yet started
