

## Freedom of Information Request

---

**Reference Number:** EPUT.FOI.21.1850  
**Date Received:** 1<sup>st</sup> February 2021

---

### Information Requested:

RE: Usage of certain types of Ventilator within your Trust based on the models acquired during the ventilator challenge specifically relating to:

1. The Penlon ventilators
2. The Breas Ventilators
3. The Smiths Medical Ventilators
4. CPAP non-invasive units

I'd like to know if possible:

1. How many of the various invasive models were used within your trust vs how many were ordered (the Penlon units being the most important with regards to this)
  2. The cost per unit breakdown
  3. The survival / rates of recovery for those ventilated
  4. I'd also like to enquire if there has been an uptake in the non-invasive units for the second wave of battling the pandemic
- 

### Response:

Essex Partnership University NHS Foundation Trust is a Mental Health, Learning Disability and Community Services Trust and does not use these ventilators

---

### Publication Scheme:

As part of the Freedom of Information Act all public organisations are required to proactively publish certain classes of information on a Publication Scheme. A publication scheme is a guide to the information that is held by the organisation. EPUT's Publication Scheme is located on its Website at the following link <https://eput.nhs.uk>
