

Freedom of Information Request

Reference Number: EPUT.FOI.22.2572
Date Received: 01.07.2022

Information Requested:

1. The number of days, over the 12 months between 1st April 2021 to 31st March 2022, that each ward was at full bed capacity.
The below table is shown purely on a bed base number. This doesn't include the occasions that wards were at full available bed base occupancy, through enforced admission restrictions during 2021/22 due to Covid outbreak management or social distancing.

- a. Please provide a description of the Mental Health treatment that each ward administers.
At Essex Partnership University NHS Foundation Trust we do not have specific diagnosis focus on the wards

The aim of this section of the request was to determine what mental health difficulties each ward treats. For example, does one ward focus on eating disorders, while another focuses on schizophrenia.
