

Freedom of Information Request

Reference Number: [EPUT.FOI.22.2499](#)
Date Received: [16 May 2022](#)

Information Requested:

Do you have a Histopathology Labs that run Immunohistochemistry diagnostic testing and if so what site/sites they are located?

If possible, could you provide a contact email for the relevant person in charge of the Histopathology Lab? For example, a service manager or lead Biomedical scientist in Immunohistochemistry/ Histopathology/ Histology.

Response:

The Trust does not have our own Histopathology Labs within our estates, we use the services of other local acute hospitals (i.e. Mid and South Essex Trust, Princess Alexandra Hospital) that provide these services via a service level agreement as and when required.

Publication Scheme:

As part of the Freedom of Information Act all public organisations are required to proactively publish certain classes of information on a Publication Scheme. A publication scheme is a guide to the information that is held by the organisation. EPUT's Publication Scheme is located on its Website at the following link <https://eput.nhs.uk>
