Information Requested:

In an attempt to understand the landscape across the NHS I am requesting information about clinical waste contracts. Please can you provide the information for the queries below for your trust? If your trust has split or amalgamated in the last 3 years, please could you break the information down into historic trusts as relevant?

1. Who is your current contractor for clinical waste collections? This will usually be one contractor for offensive/hazardous waste (tiger and orange bags) as well as sharps however if you have more than one contractor, please could you name them all?

2. Please could you confirm if you are in a specific contract for clinical waste management or if clinical waste is collected as part of a wider total waste management solution? If a part of a total waste management solution, the TWM provider should be named in question 1.
