

## Freedom of Information Request

---

**Reference Number:** EPUT.FOI.23.3193  
**Date Received:** 19<sup>th</sup> of October 2023

---

**Information Requested:**

I'm interested in the percentage of your in-patients for whom you have (or had) a diagnosis of anorexia nervosa.

Please provide this data for the last three years.

If it is too difficult to do it for the whole trust, please provide the data for your facilities located in the following three areas:

1. Basildon
2. Chelmsford
3. Rochford

The response shows the number of mental health inpatient discharges against the number of discharges where the patient have an anorexia nervosa ICD10 diagnosis.

Criteria	Reporting Period		
	1Nov20-31Oct21	1Nov21-31Oct22	1Nov22-31Oct23
No. of Discharges with Anorexia Nervosa ICD10 Diagnosis	15	21	20
Total MH Inpatient Discharges	2884	2503	2255
% Discharged with Anorexia Nervosa ICD10 Diagnosis	0.5%	0.8%	0.9%

If the numbers are so low in any of the facilities that it would infringe on personal privacy, please provide the combined / consolidated figure for all 3 of the above (breaking it down per year over the last 3 years).

I'm interested in the percentages with AN and how they've changed over the last 3 years, so if you need to alter this request in some way to give me a general idea of the percentages, please do so.

---

**Publication Scheme:**

As part of the Freedom of Information Act all public organisations are required to proactively publish certain classes of information on a Publication Scheme. A publication scheme is a guide to the information that is held by the organisation. EPUT's Publication Scheme is located on its Website at the following link <https://eput.nhs.uk>
