System definitions:

Clinical decision support in e-prescribing - within, or in conjunction with, its e-prescribing systems, Clinical Decision Support (CDS) assists prescribing clinicians in safely identifying suitable medicines, doses and titrations, for individual patients.

Observations - vital signs - a system for electronic recording at the bedside of patient vital sign data, together with a mechanism to include in the patient's electronic record.

Oncology e-prescribing - module or functionality that supports electronic chemotherapy prescribing, medication administration and dispensing activities.

Diagnostic imaging - electronic medical imaging systems providing the core capabilities to manage diagnostic images and associated reports.

Publication Scheme:

As part of the Freedom of Information Act all public organisations are required to proactively publish certain classes of information on a Publication Scheme. A publication scheme is a guide to the information that is held by the organisation. EPUT's Publication Scheme is located on its Website at the following link
